

AS PROM GUESTS ARRIVED AT HTHS FRIDAY night they were greeted by Carl Rude and Mrs. Eli Lasersohn, chairman of the Elks premier committee. The entrance to the school was beautifully decorated with flowers and shrubbery and the scene spotlighted. Mr. Rude introduced the students and Mrs. Lasersohn described the formal worn by the young ladies. A large crowd of parents and friends gathered on the school campus for the premier. The prom was held in the Bonnell gym, which was decorated as an Oriental garden.

Wilson Interested In Getting Cheddar Cheese Factory Here

COMING THE WEEKLIES: (From the Hardin County Independent): Stanley Wilson, president of the Harrisburg Dairy, in discussing the possibility of dairying in Hardin county Tuesday, brought out the following:

There is a shortage of whole milk in this area, and there will be even a greater shortage July 1, 1957, when only Grade A milk can be purchased by whole milk processors.

A farmer should not produce Grade C milk with less than eight cows, and that a Grade A producer should have at least 15 cows. Next year, when only Grade A milk can be purchased by whole milk processors, his company will lose an estimated 200 producers of Grade C milk, because they cannot, or will not convert to a Grade A producer.

His company is trying to help the Grade C producers: His company has most of the machinery and the building for someone to start a cheddar cheese factory in Harrisburg, who could purchase Grade C milk.

If a condensed milk factory could be interested in locating a pickup station in Harrisburg, some of the truckers hauling for his company could pick up Grade C milk for condensed milk while picking up Grade A milk for his company.

Senate Approves Modified Version Of Farm Bill; Includes Soil Bank

WASHINGTON (AP)—The House today had the farm bill back in its lap.

The Senate Friday night shouted approval of a modified version of the House-passed bill.

It included President Eisenhower's \$12 billion soil bank. It also included compromises on some provisions boosting farm price supports opposed by the administration.

The bill contained only one provision strongly opposed by the administration — cotton sold abroad would have to go on the market at world market prices. The administration had several strong objections to the House version of the bill.

Rep. W. R. Poage (D-Tex.), second top Democrat on the House Agriculture Committee, charged the administration could use the Senate bill to buy farm votes this year.

S. F. Davidson, 77,

Retired Miner, Dies

Sidney F. Davidson, 77, retired miner who resided at 1304 West Largent, died at 1:40 this morning in the Harrisburg hospital where he had been a patient for the past month.

He was born April 3, 1879, in Pope county, the son of the late Thomas and Nancy Davidson.

Funeral services will be Monday at 1:30 p. m. at the Dorrisville Social Brethren church. Rev. Earl Vaughn will officiate and burial will be in Bethesda cemetery. The body lies in state at the Gas-kins funeral home.

He is survived by his wife, Minnie, and three children: Edd Davidson, Dongola, Ill.; Guy Davidson, Harrisburg; Juanita Novak, Pontiac, Mich.; a stepdaughter, Blanche Taylor, Marion; eight grandchildren and three great-grandchildren.

Stevenson Holds Lead in Oregon Over Kefauver

Eisenhower Gets
GOP Delegates;
McKay Tops Opponent

PORTLAND, Ore. (AP)—Adlai Stevenson built up a commanding lead over Sen. Estes Kefauver in returns today from Oregon's Democratic presidential primary.

Stevenson jumped into a 14,000-vote lead on the basis of incomplete returns from more than half of the state's polling places. His showing all but erased effect of the defeat the former Illinois governor suffered at the hands of Kefauver in the Minnesota primary.

It was in Oregon in 1952 that Kefauver scored an overwhelming victory over Stevenson, but at that time Stevenson was refusing to commit himself as a candidate.

Neither was on the ballot this year but both campaigned vigorously, leading to a large write-in vote.

Counting of the paper ballots was made slow by the lack of voting machines and the large number of local candidates and issues. But early returns showed Stevenson was strong in the urban areas, while Kefauver picked up most of his support from the country precincts.

Incomplete, unofficial returns from 1,790 of Oregon's 2,519 precincts gave Stevenson 40,862 votes to 26,414 for Kefauver in his bid for the state's 16 Democratic National Convention delegates.

President Eisenhower had 93,380 votes. He will have Oregon's 18 GOP delegates to the nominating convention in San Francisco in August.

In the only other contest of national interest, former Interior Secretary Douglas McKay lengthened his early lead over Philip Hitchcock, his chief opponent for the Republican senatorial nomination to oppose Sen. Wayne Morse in the November general election.

Morse was overwhelming his opponent, Woody Smith, a little known garage operator.

Democrat Craven Returned to FCC

WASHINGTON (AP)—President Eisenhower Friday returned T. A. M. Craven to the Federal Communications Commission after an absence of nearly 10 years.

Craven, a Democrat, served on the board from 1937 to 1944 under President Roosevelt.

The 63-year-old engineer will succeed Edward M. Webster, who resigned. Webster is an independent.

Five Killed When Plane Crashes, Burns in Farm Field

CEDAR FALLS, Iowa (AP)—Authorities have identified five men killed when their twin engine Cessna airplane crashed and burned in a farm field shortly after taking off Friday.

The dead were identified as Arthur Bauman, 38, pilot; Laurel Angen, 40; Hugo Miller, 56; and Henry Bueneke, all of Waterloo, Iowa, and Harold Lester, of Dick-Eville, Wis.

Four of the bodies were burned beyond recognition in the cabin of the plane. The fifth was thrown out in front of the craft.

Spectators said they saw the plane flying unusually low. They said it passed over a grove of trees, apparently gaining altitude, but then went down sharply, plowing along the ground for several yards before flipping over on its back and bursting into flame.

AF Officer is First Victim of Nuclear Tests

ABOARD USS MT. McKinley AT ENIWETOK, Sunday (AP)—An Air Force research officer has apparently become the first victim of the present nuclear tests at the Pacific proving grounds.

Officials of Operation Redwing announced Friday that Capt. Paul M. Crumley, who served at the Air Force Special Weapons Center, Kirtland Air Force Base, Albuquerque, N. M., was missing and presumed dead.

Crumley vanished after parachuting from a disabled twin-jet Martin B57 bomber at 20,000 feet over the Pacific Friday morning. The pilot of the plane, Capt. James E. Hall, 29, of Blytheville AFB, Ark., also parachuted but was rescued unharmed.

Task force officials permitted newsmen to release word of the incident after a 30-hour sea and air search failed to find Crumley. The two men were assigned to fly through the radioactive cloud of the hydrogen bomb airdrop which was scheduled for early Friday, but postponed 51 minutes before the blast.

The test has been tentatively rescheduled for Monday morning Sunday U. S. time) after continued bad weather scrubbed any possibility of holding it today—but even Monday's date doesn't look too good.

James Roosevelt To Wed Secretary

LOS ANGELES (AP)—Rep. James Roosevelt (D-Calif) will marry his secretary, Mrs. Anita Owen, of Detroit, next month when his divorce from Romelle Roosevelt becomes final, a source close to Roosevelt said Friday night.

Mrs. Roosevelt was awarded a default divorce last year when she charged that Roosevelt was "in the habit of staying out late at night" several nights a week.

Customs Officials Remove 21 Half-Tracks from Ship Before Sailing for Israel

NEW YORK (AP)—Waterfront police today guarded 21 surplus Army half-tracks embargoed for shipment to Israel because they lacked a valid U. S. export license.

The State Department disclosed Friday that customs officials had removed the half-tracks from the Israeli freighter Zion before it sailed from New York harbor eight days ago.

Department spokesman Lincoln White said customs officials had no alternative but to block the shipment. He said a license had been issued for spare parts but not for the assembled half-tracks themselves.

White said the Israeli Embassy had applied for export licenses for fully assembled half-tracks but these had never been approved or rejected.

The State Department has ignored for seven months an Israeli request to buy \$64 million worth of U. S. jet planes and other equipment.

Shipment of 18 tanks, however, was allowed to Saudi Arabia last

Cutting Named Assistant Social Security Manager

Announcement was made today by E. Bishop Hill, District manager of the Social Security administration, of the promotion of Le-land D. Cutting to the position of assistant district manager. Mr. Cutting has been a field representative in the local office for several years. He replaces Joseph F. Heselgrave, who was promoted to manager of the district office at Bloomington, Ind.

Mr. Cutting resides at 144 West Lincoln with his wife, Beth, and their three children. He is a deacon in the First Presbyterian church here and is a state director of the Junior Chamber of Commerce. He is a law school graduate and is a navy veteran of World War II.

Mr. Cutting's former position of field representative is being filled by the promotion of Claude F. Piersall of this city who, for quite sometime, has been a claims examiner in the local office. All positions with the Social Security administration are under federal classified civil service.

House Approves Rep. Gray Request for More School Lunch Money

WASHINGTON (AP)—The House of Representatives has approved a congressman's request for additional money for the southern Illinois school lunch program.

Rep. Kenneth Gray said today the House approved his request for a 20 per cent increase in the appropriation. He said Illinois will get about \$3,153,000 for school lunches in the year beginning in July.

The West Frankfort Democrat said many schools in his 25th Congressional District used up their lunch program funds before the end of the school year and had to raise additional money for them.

Annual Armed Forces Day Is Celebrated

Marching Men,

Jets, Missiles

Mark Observance

WASHINGTON (AP)—The United States put on a world-wide display of its military "power for peace" today in a celebration of its seventh Armed Forces Day.

Marching men, screaming jets and guided missiles marked the day at home and abroad as military installations welcomed a vast influx of civilians to inspect their latest weapons.

President Eisenhower proclaimed the day in honor of the armed forces which "demonstrate to the world our free way of life" and "our aspiration to insure national security through better international understanding."

Defense Secretary Charles E. Wilson set the tone of the occasion in a speech Friday night. He declared the United States will maintain its present 2,850,000-man military establishment for the "infinite future," but will not use it for "intimidation or aggression."

Wilson's statement at an Armed Forces Day dinner was the official U. S. answer to Russia's recent announcement that it will trim its military power by 1.2 million. The mustered out Soviet soldiers will meet manpower shortages on Red farms and in factories.

"There is no clear indication that the world situation has improved to the point where we can importantly modify our policy of strength for the long pull," Wilson said.

The secretary practiced what he preached by drastically reducing the size of a mighty bomber flyover at Washington. A planned fleet of 216 B-47's—the Air Force's largest public display of air-atomic power — was cut down to 45 planes on Wilson's orders.

Corn Program Provisions Are Explained

The 1956 corn program will have two important changes affecting eligibility for price support, according to Herman Driskell, chairman of the Agricultural Stabilization and Conservation committee.

"In the first place," the chairman said, "there will be no aggregate compliance — the corn acreage on each farm will be considered separately in determining compliance with the farm corn acreage allotment as a condition of price-support eligibility. (Under former programs, a producer could qualify for price support under certain conditions where the underplanted acreage on farms in the county in which he had an interest in the corn crop equaled or exceeded his share in the overplanted acreage on all such farms.)

"And, in the second place," Mr. Driskell added, "price supports will be available to producers in commercial area counties who are determined to have exceeded their corn acreage allotments, but the rate will be five-sixths of the county rate to producers who comply with their corn allotments. All Illinois counties are in the commercial area counties.

Mr. Driskell explained that this latter provision applies also to producers who grow corn on farms inside the commercial corn area which have no corn allotments. In such an instance, the farm is considered to have an allotment of zero acres, and any corn acreage on the farm is therefore in excess of the farm allotment.

Provisions of the 1956 corn program which are similar to those under the 1955 program include: The opportunity for producers with excess corn acreage to adjust their acreage to the corn allotment for the farm within a specified time limit, price-support loans at a relatively higher rate to producers on farms where the corn acreage is determined to be within the corn acreage allotment for the farm, loans to producers who unknowingly harvest in excess of the allotment, and the right of appeal.

Explains Corn Support to Non-Cooperators

Corn price support to non-cooperators in the commercial area will be at a national average level of \$1.25 per bushel for the 1956 crop, Herman Driskell, chairman of the county Agricultural Stabilization and Conservation committee, reminded farmers today. All counties in Illinois are in the commercial area.

The chairman explained that there has been some confusion about the rate to non-cooperators as related to the rate for co-operators—those farmers in the commercial area who comply with their corn acreage allotments.

The rate of support on corn in counties which is produced on farms in compliance with their acreage allotments will be a minimum national average of \$1.50 per bushel, but not less than 82½ percent of parity at the beginning of the 1956-57 marketing year, next October 1.

The national average rate of support on corn in commercial area counties which is produced on farms not in compliance with the farm acreage allotments is \$1.25 a bushel, but not less than 70 percent of parity at the beginning of the marketing year. The rate of support to non-cooperators thus will be about five-sixths, or 83½ percent of the local rate to co-operators. This means that there will not always be the same difference in cents between the local rates for co-operators and non-cooperators, since the \$1.50 and \$1.25 rates are national averages.

Mr. Driskell also pointed out that price-support program for

By Albert Meyer
White cascades of blossoming spirea have brightened the home-
steads of many residents of south-
ern Illinois the past week or so. This shrub has been especially
generous with blossoms this season.

Dr. L. R. Tucker, horticulturist at Southern Illinois university, points out that spirea is one of the older ornamental shrubs which may be used as a foundation planting for the home, as a fence, a hedge, or a low screen to hide some part of the home site from general view.

He advises that spirea pruning should be done immediately after blooming is completed. If cutting is delayed until the end of May, next year's blossoms may be affected because next season's flower buds will be forming by then.

If spirea is grown primarily for a mass effect, it often is not pruned. However, when grown for the attractive wreath-like flowers on long drooping branches, pruning will be helpful. To obtain this effect, cut the branches back to vigorous side shoots. This will reduce the number of shoots and cause those remaining to be long, arching, and willowy as the new growth develops for next season.

By doing a small amount of pruning each year the shrub will continue to be one of the prize bushes on the lawn. It is easy to propagate and maintain, and has no thorns or seed pods to annoy the owner. Additional plants may be obtained from nurseries or by dividing existing bushes for transplanting.

Hay cutting time brings up the question of plant vigor and stand maintenance for meadow crops, particularly alfalfa, on Southern Illinois farms. Joseph P. Vavra, soils specialist at SIU, says that it is apparent that many area farmers fail to apply enough potash on alfalfa. This legume uses much potash. A harvest of four tons of alfalfa forage per acre will remove 156 pounds of this nutrient from the soil—the equivalent of 250 pounds of muriate of potash.

Hence the addition of supplementary supplies of potash to established fields of alfalfa is necessary to keep up the supply. A deficiency of potash may be noted by plant weakness and the appearance of white spots along the edges of the leaves. The quantity needed may be determined by soil tests. Vavra's observation is that on average Southern Illinois soils which are low in organic matter and generally low in potash content, an application of 200 pounds of 0-20-20 fertilizer as a top dressing is about right for alfalfa stand maintenance.

The fertilizer ought to be added immediately after the first cuttings of forage so that the material will roll off the clipped plants easily and get to the ground where it belongs.

Alfalfa also responds noticeably to light applications of borax which furnishes boron, an important element needed in small amounts. This may be broadcast as a top dressing with the fertilizer.

Estimate 7,754,000 Workers on Farms

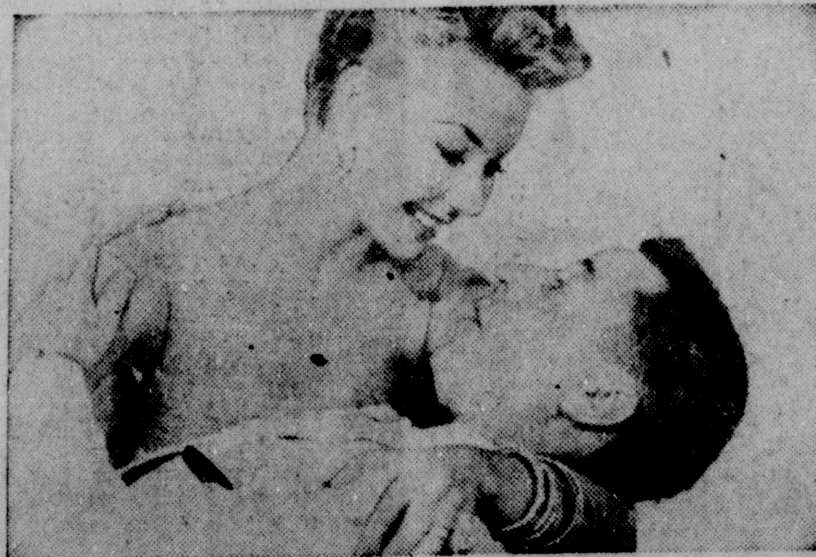

WASHINGTON (AP)—The Agriculture Department estimates that 7,754,000 persons were working on farms during the last week of April. This was about one million more than a month earlier, but about 4 per cent less than farm employment for the same period last year.

Your opportunity to grow new improved oat varieties for higher profit has never been better than it will be in 1956 with an abundance of certified seed oats available in the state.

1956-crop corn, as in previous years, offers a rate on corn produced in noncommercial areas, based on 75 percent of the commercial area support rate to co-operators.

Farm Ponds Increasing in Popularity

By United Press
Construction of farm ponds is booming in Illinois, state and federal officials reported today.

Earthdam ponds are becoming increasingly popular—particularly in southern Illinois, where the 1951-54 drought created a big demand for reserve water supplies.

Farmers lucky enough to have reasonably good locations for ponds and adequate watersheds can take advantage of both state and federal aid to create ponds for conservation, reserve water and fishing.

The U. S. Soil Conservation Service is interested in the ponds as a conservation practice to prevent soil erosion, protect seedlings of grass and legumes, and provide reserve water supplies. The service often will provide conservation payments to build ponds.

Helps Pay Bill

These payments vary but average about \$130 per pond. The total cost of a pond is considerably higher, often running to several hundred dollars.

The Agricultural Stabilization and Conservation office at Springfield said more than 1,500 new Illinois ponds were approved for these payments in 1954, and the final 1955 total is expected to be higher. The figure was 140 in 1952, and 541 in 1953.

The State Conservation Department also reported large numbers of new farm ponds being built. The department, as enthusiastic about ponds for fishing and recreation use as for conservation, will stock the ponds with bass and bluegills free.

However, a pond must be built on an approved site and according to minimum standards to be eligible for the fish stocking program. Farmers also must agree to permit "reasonable" public fishing.

Staff biologist William J. Harth said a pond must cover at least half an acre, and in southern Illinois it must be at least 8 feet deep for a minimum of 25 per cent of its area. In northern Illinois, the depth is 9 feet.

This depth is required to prevent winter and summer fish kill from cold and hot weather. Federal conservation specifications are similar, although for different reasons.

Harth said most farmers are

Mrs. Olen Ingram
Hostess to Dorcas Class
The Dorcas Sunday school class
of the First Baptist church held
its May meeting at the home of
Mrs. Olen Ingram, 605 East Pop-
lar, Tuesday night.
After a short business session
conducted by the president, Mrs.
Karl Wallace, the meeting was
turned over to Mrs. Douglas
Ewell, program chairman. Mrs.
Ewell introduced Mrs. Joe Mor-
man who gave a beautiful devo-
tional based on the life of Queen
Vashti, taken from the first two
chapters of the book of Esther.
Mrs. Ewell conducted two inter-
esting contests, and potted plants
were won by Mrs. J. R. Metcalf
and Mrs. Ed Cole for having the
most right answers.
Mrs. H. C. Lewis assisted Mrs.
Ingram in serving delicious re-
freshments to the twelve mem-
bers and one visitor present.
The June meeting is to be a
family picnic at the country home
of Mrs. Doyle Phelps.

Girl Scout Council
Has Cook-Out at Park
Members of the Girl Scout Coun-
cil got together at the town park
Friday evening for a cook-out.
The charcoal stoves, made as
a part of the program underway
for training girls and leaders in
all types of outdoor cooking, were
used to cook steaks and ham-
burgers. Biscuit dough was coiled
around sticks and cooked over a
camp fire.
Business being combined with
pleasure, a board meeting was
held preceding the cook-out.
Plans were made for the Brownie
day camp to be held in June at
the park. Mrs. Donald O'Neil dis-
cussed summer camp for inter-
mediate scouts and registration
folders were available for those
desiring them.
Tag day was reported a success
and the Girl Scout Council wishes
to thank the public for its wonder-
ful co-operation.

Highway Deaths
Below 1955 Toll
SPRINGFIELD, Ill., May 17 —
Illinois highway traffic fatalities
for the first four months of 1956
are running six per cent below
those of the same period in 1955.
Director Edwin A. Rosenstone of
the state Department of Public
Works and Buildings today ad-
vised Governor William G. Stratton.
During April, 157 persons died as
a result of traffic accidents in Illi-
nois. This is two more than the
155 recorded in April 1955 and
marks the first month in 1956 in
which the total exceeded the num-
ber for the corresponding month
last year.
For the first four months of
1956, Rosenstone said, there were
581 traffic fatalities in Illinois as
compared to 616 deaths recorded
in the same period a year ago.

Guard British

Officials Against

Cypriot Agents

LONDON (AP) — Armed police
are guarding British cabinet min-
isters against Cypriot triggermen
seeking to avenge the British exe-
cution of two of their compatriots
on Cyprus, it was reported today.
Lord Beaverbrook's Daily Ex-
press, in a bannerline story by its
chief police reporter, said Scotland
Yard took extra precautions on the
basis of secret information that
pro-Greek Cypriot agents in
London were planning reprisals.
Scotland Yard steadfastly refus-
es to comment on security precau-
tions for government leaders. Eoka,
the underground organization seek-
ing to unite Cyprus with Greece, al-
ready has claimed to have hanged
two British soldiers in answer to
the British executions on Cyprus.
The Express said Eoka is said
to be planning more reprisals in
London.

Leading Christian America into Communism

The National Council of Churches have visited, and invited
the Red ministers to speak in American churches. They are to
arrive in June. Are they Christian or Communist spies? Hear
the sworn testimony of Mr. Yuri Rastvorov, an intelligence offi-
cer of Soviet MVD ("counter intelligence") for eleven years.
Quote—As you know, the church in the Soviet Union IS NOT
INDEPENDENT as, at the present time, the Soviet Union gov-
ernment is trying to prove. IT IS COMPLETELY DEPENDENT
ON THE STATE, and the STATE CONDUCTS ALL ACTIVITIES
OF THE CHURCH OF THE SOVIET UNION. Certainly then
the men who come to speak in your churches, come with authority
of their government, to lull America into peaceful co-existence
with the Devil. The National Council speaks for you as a mem-
ber, and a Christian. Are you willing to let the National Council
lead America into Communism?

This morning at the market a reporter questioned me:

- Q. You're a home maker and mother?
A. Yes.
- Q. Do you and your family attend Church?
A. Every week, unless prevented by illness.
- Q. Surely you don't take the children when they're small?
A. Oh yes. It's been proved that habits formed during the first five years establish a pattern for life.
- Q. When it's raining or snowing doesn't it often seem best to stay home?
A. No. Bad weather doesn't usually keep us from doing other things we want to do. Besides, children go to school on rainy days so why not to Church and Bible School?
- Q. Then you feel regular worship is good for a family?
A. Not only good but necessary. Religious training is the fourth R, and the most vital part of our learning to live.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

'The Church in Antioch'

Acts 11:19-30
GOLDEN TEXT: "I have shewed you all things, how that so labouring ye ought to support the weak, and to remember the words of the Lord Jesus, how he said, it is more blessed to give than to receive." (Acts 20:35).

INTRODUCTION: Persecution scattered those early Christians in every direction. They fled from Jerusalem for fear of being put to death. Everywhere they went they preached the gospel. Notice that these were not ordained preachers, nor were they the Apostles. They were simply converted men and women carrying out the great commission Jesus gave to go and make disciples, baptize disciples and teach disciples.

Antioch was a large city, not far from Jerusalem. It was a wealthy city. It was a sinful city. They boasted of a Temple of Diana. Diana was a goddess of idolatry and immorality.

It was this wicked city into which these early Christians carried the gospel story of salvation by faith in Jesus Christ.

I. THE ANTIOCH CHURCH (VV. 19-21)

In the midst of a corrupt and wicked city a church was established. It was established by a group of Christian men and women who were followers of Christ. The same thing is happening in our country today. All over the United States new missions and churches are springing up in places where the gospel has not heretofore been offered.

We read that "a great number believed and were turned to the Lord." This always happens where Christian people are faithful in witnessing.

II. FELLOWSHIP STRENGTHENED (VV. 22-26).

At first the Jews who became Christians thought that Christ was meant for them only. They did not want to preach Christ's salvation to the Gentiles. However, when they knew that God intended Christ's salvation to all people, they went out and started winning the Gentiles as well.

What a lesson for all Christians and churches today! The gospel is for all people, regardless of race, color or creed.

When the church up at Jerusalem heard of the good work being done down at Antioch, they rejoiced. They sent Barnabas down, not to oversee, but to help in the work there. A new fellowship developed. Here were two churches helping one another.

Here, also, is a lesson for all church today. No church has a right to live within itself. It should

Additional Church Notes
On Page Three

consider the needs of and aid other Christian groups. Churches should fellowship with one another. Barnabas "was a good man and full of the Holy Ghost." He had befriended Saul after he was converted and became Paul. Barnabas was a good man for the Jerusalem Church to send down to Antioch.

III. CALLED "CHRISTIANS" FIRST AT ANTIOCH (VV. 26-30).

Yes, the name "Christian" was first given to the followers of Christ in Antioch. This might have been given in a sense of mockery. The people at Antioch may have referred to these followers of Christ as "Christians" just to make fun of them.

Anyway, it is a beautiful name. It is a significant name. It is a name loved by all true followers of Christ. No doubt God caused the name to first be used.

Notice, also, that these Christians were mindful of those in need. They sent relief to their friends in Jerusalem. A famine had struck at the city of Jerusalem. The Antioch church stood ready to lend a hand.

Churches today should aid those in need. Too many times Christians who leave this up to the state or to some lodge or other social organization.

CONCLUSION—Antioch was a wicked city, but those early Christians established a wonderful church there. Out from this church there was to be the gospel story. It was to become the missionary center of the known world of that day.

What of today? What are you doing to help your church be a missionary center for your surrounding community and the world? You know, you do have a responsibility in this matter!

Reds Defeat Dodgers, 7-6, In 10 Innings; Simmons Trips Cardinals on 3-Hitter

By United Press

Those slugging Cincinnati Red-legs had the Brooklyn Dodgers convinced today they "just ain't got no respect" for world champions or a double no-hit pitcher.

In the process, Birdie Tebbetts' "window breakers" also are proving they can beat the Dodgers at their own game—by out-homering them.

The Redlegs proved all three points Friday night when Ray Jablonski's second homer of the game gave them a 7-6, 10-inning victory over the Dodgers. It was the third time in as many meetings this season that the Redlegs beat the world champions and the game marked the second time that Carl (Double No-Hit) Erskine failed to go the distance against them.

Erskine, making his first start since he pitched the second no-hitter of his career last Saturday, was routed in 2 1/3 innings as the Redlegs built up an early 6-3 lead. The Dodgers tied the score in the ninth on Gil Hodges' two-run single but Jablonski tagged Ed Roebuck for his eighth homer of the year and third against the Dodgers to win it in the 10th.

Post Gets No. 10
Brooks Lawrence, who had a 3-8 record with the St. Louis Cardinals last season, received credit for his fifth triumph without a loss although he needed help from Iershel Freeman. Wally Post also homered for the Redlegs, taking over the National League lead with a total of 10.

The Philadelphia Phillies received a tremendous lift when Curt Simmons hurled his best game since July 6, 1954 in beating the St. Louis Cardinals, 4-2, and the Chicago Cubs shaded the Pittsburgh Pirates, 3-2 in other N. L. games.

Simmons, a sore arm case this spring, spun a three-hitter to score his first triumph of the year for the Phillies. Curt, who celebrates his 27th birthday today, struck out three as he turned in his first complete game since last July 20.

and his lowest-hit game since mid-1954.

Turk Lown halted a Pittsburgh threat in the seventh inning and scored the winning run for the Cubs in the eighth on a single by Gene Baker.

Yanks Increase Lead
In the American League, the New York Yankees opened a 2 1/2-game first-place lead when they beat the Chicago White Sox, 8-7, in 10 innings and the Washington Senators downed the second-place Cleveland Indians, 5-4, in 11 frames.

Needles Favored To Win Preakness

BALTIMORE, Md. (U.P.)—Needles ruled a 4 to 5 favorite to add the \$132,800 Preakness Stakes today to his Kentucky Derby victory on his march towards the turf's "Triple Crown."

Fabius, Come on Red, Count Chic, No Regrets, Eiffel Blue, Golf Ace, Rathernam and Fleet Peet completed the nine-horse field for the mile and three-sixteenths race worth \$84,250 to Needles and six others if they win but only \$76,800 to Come on Red and Golf Ace. These last were made supplementary nominations for the Preakness at a cost of \$7,500 each.

Opening Trials Will Decide 'Pole' Position for '500'

INDIANAPOLIS (U.P.)—Only the weatherman's cooperation was needed today for new records in the opening time trials for the 40th annual 500-mile Memorial Day auto race.

Eight hours of qualifications, starting at 9 a. m. CST, will determine who sits on the choice pole position in the nation's premier gasoline classic on May 30.

The railbirds speculated the powerful eight-cylinder Novis driven by veterans Paul Russo and Jimmy Davies and four-cylinder creations masterminded by defending 500 champion Bob Sweikert, Pat O'Connor, Tony Bettenhausen, Sam Hanks and Jimmy Byran were the leading candidates for the pole.

Upward of 75,000 fans were expected. The pole goes to the fastest first-day qualifier. Three more days of qualifications will complete the 33-card field.

Based on Friday's blistering speeds, at least 25 drivers may take a crack at the track records of 143.793 miles an hour and 142, 580 m. p. h. for one and four laps respectively. They were established by the late Jack McGrath last year.

Du Quoin Seeks New Grid Coach

DU QUOIN, Ill. (U.P.)—Du Quoin Township High School is looking for a new football coach.

Galen Davis asked the school board to relieve him of coaching duties but he will remain on the faculty. He had been football coach and assisted in basketball since 1948.

Bloom Qualifies Five for Finals In State Meet

LOVELLETTE WINS
THIRD IN DISCUS
Lindell Lovellette of Eldorado got third place in the discus finals of the state prep track meet at Champaign yesterday afternoon. No other southern Illinois athlete got points in this event.

Lovellette's third place gave Eldorado three points. No southern Illinois athletes qualified for the shot put finals.

CHAMPAIGN (U.P.)—Bloom High School emerged as the No. 1 contender for the 1956 Illinois interscholastic track championship Friday as it qualified five for today's finals and totaled six points.

Among other schools who led in candidates qualified were Aurora East, with 4; New Trier, 3; Phillips, 3; Blue Island, 3; Arlington Heights, 2; Glenbard, 2; and Maine, 2.

Fred Macklin turned in five points for Aurora East as he wog the broad jump with a 21 foot 8 1/2 inch leap. In the discus throw Joel Peterson of Rockford East, took first place with a toss of 157 feet 6 1/2 inches.

However, it was Bloom's crack mile relay team which highlighted Friday's action. They came within five-tenths of a second of a new record by clocking 3:23.8.

SHAWNEETOWN HIGH SCHOOL BASKETBALL CO-CAPTAINS get scholarships to Tulane university. Coach Darwin Valter, center, has announced that the co-captains of the Shawneetown Indians, Jack Nolen, left and Alfred Gunzel, have accepted full scholarships to Tulane university. (Register Staff Photo)

Nolen, Gunzel Receive Tulane Scholarships

Two Shawneetown High school seniors, Jack Nolen and Alfred Gunzel, have received grants-in-aid four-year scholarships to Tulane university, it has been announced.

The two were co-captains of the Shawneetown high school basketball team that went through the past season unbeaten until the first game of sectional play. They also were regular starters on the 1954-55 team that was undefeated until the quarter-finals of the State finals at the University of Illinois.

Gunzel and Nolen also are high school baseball stars and plan to participate in both basketball and baseball at Tulane.

"This is an exceptional opportunity for Nolen and Gunzel," Shawneetown Coach Darwin Valter declared. "Valter stated the scholarships would cover tuition, books, fees, room, board and laundry. It is the top type of aid given students at Tulane or any school in the Southeastern conference, Valter said."

Tulane basketball coach is Cliff Wells, former Indiana high school coach who had a state champion at Logansport. Wells has been at Tulane ten years.

Valter is a graduate of Tulane and as a student knew Wells. About a month ago Valter took Nolen, Gunzel and two other members of the past season's basketball team to visit the Tulane campus. The boys were greatly impressed with the athletic and educational advantages of the school.

Gunzel will enroll in the College of Engineering and Nolen plans to major in history and physical education.

Champion Says He Would Like To Meet Basilio

LOS ANGELES (U.P.)—Champion Sugar Ray Robinson, elated at his "no fluke" knockout over Carl (Bobo) Olson in their return middleweight title fight, said today, "I would like to make my next defense against Carmen Basilio in New York."

The 35-year-old Ray, who again flattened ex-champ Olson Friday night, before 20,000, at Wrigley Field, explained, "Chairman Julius Helfand, of the New York Boxing Commission asked me to make the New York defense, and I would like to do it." Basilio of Syracuse, N. Y., is an ex-welterweight champ.

Ray added, "Maybe I'd really get a chance to show whether my legs are gone against Basilio." He said he didn't get a chance

Friday night because his right to the body and terrific left hook to the chin, knocked out San Francisco's Bobo at 2:51 of the fourth round.

Ring History Repeats
Coincidentally, it was at 2:51 of the second round in Chicago, last Dec. 9, when Robinson climaxed his comeback campaign by recapturing the middleweight crown for the second time on a kayo over Bobo.

That December ending came so quickly and unexpectedly that many boxing men considered it a "fluke." Accordingly, Ray and Bobo went into the ring at "even money" for their scheduled 15-rounder at sunset Friday.

There was so much uncertainty about the outcome that an estimated 20,000 fans paid an estimated \$200,000 gate. The state's richest purse Friday was additionally gilded by \$100,000 from radio and television.

Champion and challenger were guaranteed \$75,000 each by the Hollywood American Legion Stadium which promoted the bout. Each had the privilege of taking 30 per cent of the net receipts if they exceeded the \$75,000 guarantee. The estimates indicate that 30 per cent would be about \$78,000.

Both Ray and Bobo need their purses badly. Robinson owes the government \$81,904 in back taxes, and Olson's wife announced Friday a separate maintenance suit that will tie up and perhaps absorb all his assets.

Friday night Olson, scaling 160 pounds to Robinson's 159-1-2, was just beginning to come on well in the fourth round when the cloudless sky fell in on him.

In the fourth session, Bobo was warned for the second time in the bout because he insisted on keeping the top of his head in Robinson's face. Bobo landed a hard left hook to the head then a right to the temple that knocked the champion sideways. He followed with a right and left to the body

as an exchange started.

Then wham! Robinson shot a straight right to Bobo's body, and boom!—a left hook to the head dropped Bobo on his back on the canvas. He rolled over and tried to get up, but was only half-sitting when counted out.
